MEMORANDUM TO: Chief, G

FROM : Chief, St/I

SUBJECT : Background & Terms of Reference for Staff  
Discussion of [REDACTED]

1. Attached for your general background use are TAB "A", a general description of [REDACTED] finances, administration, objectives and areas of special interest to ORR, and a list of [REDACTED] publications held in the CIA Library.

2. TAB "B", an exploded block outline of possible uses which might be made of [REDACTED] capacities is attached as an aid in generating ideas regarding other possible uses.

3. As you may recall from this morning, the AD wishes to discuss this problem and possible ORR interests at the Tuesday (21 Jan 58) Staff Meeting. Would you please call me before COB today with any further ideas or special applications so that we can present the Staff's response to the AD Tuesday AM. I have found it of some help to sort my thoughts into two rather broad categories of things, (a) positive, directed or pinpointed uses, i.e., specific requests for field observation, investigations, and reports about which [REDACTED] would be fully informed, and (b) broad, general guidance toward areas of potential Agency interest without any precise knowledge of the Agency interests or specific requirements, i.e., Africa, Central America, South America, Travel in the USSR; etc.
